

Johnson Controls

Supply guarantee

The Johnson Controls Refrigeration Parts Centre guarantees the supply of spare parts for Sabroe, Stal and Gram compressors for at least 20 years after they are phased out.

If the installed base justifies continued production of spare parts, we may be able to offer spare parts for an even longer period.

Please note that some of the mentioned compressors were phased out several years ago.

With more than 7,000 part numbers on stock we are always ready to serve our customers.
Non-stocked parts can be quoted on request.
