

EasyParts UniSAB Controls

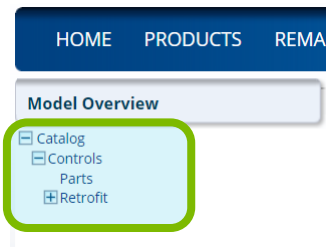

Easy overview and ordering of UniSAB components and retrofit kits.

The 4 steps below guide you through the UniSAB Controls feature in EasyParts.

- 1 Accessible directly from the main menu in EasyParts - <https://easyparts.johnsoncontrols.com>
Choose Products and then Controls in the Main Menu

- 2 Under Controls you can choose Parts or Retrofit

EasyParts UniSAB Controls

Easy overview and ordering of UniSAB components and retrofit kits.

3

Choose Parts to find all the main components used in UniSAB retrofit kits.

The screenshot shows the EasyParts website interface. The top navigation bar includes HOME, PRODUCTS, REMAN, ORDERS, CARTS, and SERVICES. A shopping cart icon shows 0 items. On the left, the 'Model Overview' sidebar has 'Parts' selected. The main 'Search Results' area shows a breadcrumb path 'Controls > Parts' and a table of components.

| Part Number | Description | Quantity | Substitute |
|-------------|---|----------|------------|
| 1373.2015 | Temperature sensor PT100 80mm G1/4 RT-B with soc... | 1 | |
| 1523.165 | Vibration damper type 17/1379-45 | 1 | |

4

Choose Retrofit to find the UniSAB retrofit kits related to the different supported brands.

The screenshot shows the EasyParts website interface. The top navigation bar is the same. In the 'Model Overview' sidebar, 'Retrofit' is selected, and a list of brands is shown, with 'FRICK' highlighted. The main 'Search Results' area shows a breadcrumb path 'Controls > Retrofit > FRICK' and a table of retrofit kits.

| Part Number | Description | Quantity | Substitute |
